Human Powered Lathe Demonstrated by Jim Dupler

Jim brought in his treadle lathe. He demonstrated it for the chapter. It was very entertaining to see Jim try to balance on one leg and turn a piece of wood at the same time.

When Jim decided he was too tired to continue, he called Tim Kennedy up to give it a try. There were several others to give it a try.

It was also a big hit at the wood working show at the State Fair grounds.

Member Show and Tell

Lee Ellis and his Red Mallee Burl bowl

Don Cates and his wing bowls made from Shag-bark Hickory
