## Editor's Note

Due to weather I did not attend our December meeting. It is a forty five minute drive from my house in good weather. The snow was worse here than south of us. We had travel warnings posted, a car slid off into our yard and mention of freezing rain all of which made me decide it prudent to stay home. Rich has told me it was a good meeting. Lathes were available and several people turned some interesting pieces. News is going to be short.

I will probably not make it to the January meeting either. My wife and I intend to go to the Bahamas. Something about a 50 year anniversary. If someone cares to collect info I will use it for the January publication with gratitude.

## Program

The Christmas meeting was fun and enjoyed by all. We had five lathes running turning various Christmas ornaments. There was plenty of goodies and drinks. These turn-in events are important to the club as they offer hands on teaching opportunities. Thanks to Rich for taking some pictures
