Bob Anderson

Bob's bowl turning presentation was very interesting. He talked about how to procure wood, wood selection, harvesting and drying, considerations to make before the first cut, how to secure blanks to the lathe, steps involved to create bowls, and the ABCs of tool presentation. I'm surely forgetting something but I think maybe Bob will give a short review before during the second part of his presentation scheduled for February.

Rich Parker (VP) would like the membership to consider what demo's they would like to see this year and send him their ideas. Also, consider volunteering to do a demo for one of the months.

Member Show and Tell

Rich Parker brought a cherry and a walnut bowl in addition to his handmade carbide scraper. Rich used Danish oil for finish on all.

Jm Dupler had a square lidded box of Gum with an ebony finial finished with tung oil and buffed.

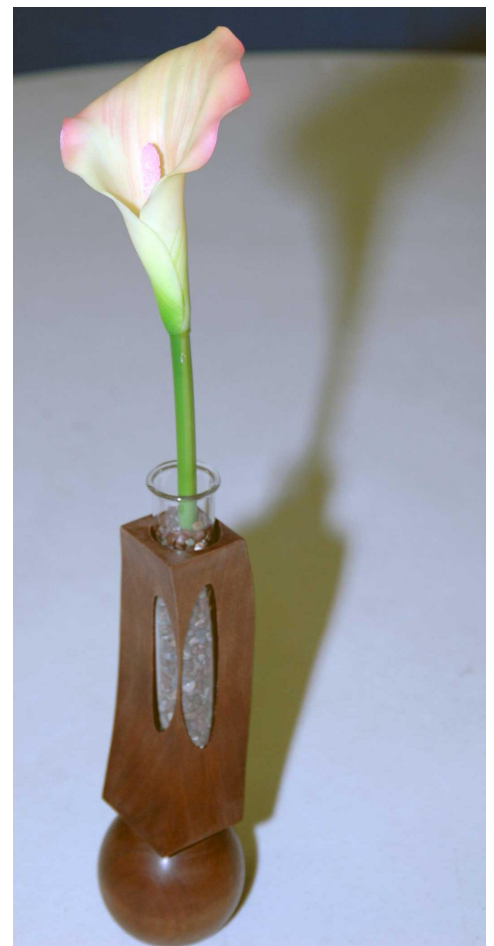

Tim Kennedy showed us his square bowl. The bowl rested on the four corners, with the bottom floating above the table.

Curt Rush had a very interesting walnut vase with a novel design which allowed one to see the pebbles in the glass tube. The pebbles had been gathered while he and his wife were vacationing. The top shape was done on his band saw.

Future Turning Events

February 14 2 pm - 4pm	CICAAW Meeting Bob Anderson to present second part of bowl turning		March 13 2pm - 4pm	CICAAW Meeting Program to be defined
April 10 2 pm - 4pm	CICAAW Meeting Program to be defined		May 15 2pm - 4pm	CICAAW Meeting Program to be defined

Join us for our next meeting — Everyone Welcome

Sunday, February 14, 2016
